

Test doc 1

Some text

new line

New para

The screenshot displays the PageSeeder web application interface. At the top, the PageSeeder logo is visible. Below it, a navigation bar shows the user 'Philip Rutherford' and a breadcrumb trail: 'Home > ps-doc > user > group /ps'. A search bar on the right contains the text 'group /ps'. Below the navigation bar, there are buttons for 'New Comment', 'New Task', 'New Document', 'Upload Document', and 'Publish'. A 'RECENTLY VIEWED' section on the left lists various documents and users. A large search results overlay is displayed in the center, showing a list of documents matching the search term 'group'. The results include document names, file paths, and IDs. At the bottom of the overlay, it states 'Results matching group in PageSeeder documents' and 'Only top 10 results shown'. A 'HIGH PRIORITY TASKS (6)' section is visible at the bottom of the page.
